

Prof. Oldman's Family Discussion Questions

Members of the Body of Christ

1. When we talk about the church, do we mean a building where people meet or the group of people who sometimes meet in a building?
2. In the Bible book of Romans, Chapter 12, beginning with verse 4, the Apostle Paul talks a lot about the church having many members, just like the human body has lots of parts. List some things different people can do to keep the church active and fun. What are their special talents?
3. We saw several marionettes that could do special things, just as each one of us can do special things. What could some of the marionettes do? What special things can you do?
4. Pictured below is someone we have seen on Hope at Home several times. His name is Professor Oldmann. He reads and studies the Bible a lot. What can he do to be a good member of the Body of Christ? What special gift can he share?
